Acknowledgment of Conditions
For all services provided and rendered by Severn Stream Media Networks, Inc.

	Initials
Terms of Service and Acceptable Use Policy I understand that all services provided by Severn Stream Media Networks are binded to the Terms of Service and Acceptable Uses Policy that I can find on Severn Stream Media Networks web site. I accept to act in accordance with the terms.	
Termination of the agreement I can end or modify this agreement for convenience only after the initial contract length period stated on the service order and only on the monthly anniversary date of my products.	
Hardware failures and responsibility / Backup Copies In the case of a hardware failure affecting my dedicated server, Severn Stream's responsibility is limited to the replacement of the faulty hardware or to offer a usable server that compares to the one I ordered. Software management, data recovery and software reconfiguration are the customer's sole responsibility. Backup service and management options will be configured only upon request. The customer must report problems or backup errors to Severn Stream.	
Acceptable Usage : Strong Anti-Spam Policy Severn Stream has a STRONG anti-spam policy and enforces it rigorously. Mailings are acceptable only if members opted-in from my own web site. All other forms of mailings sent to email addresses bought from email providers or harvested from Web sites will not be tolerated even if they are said to be opt-in. Severn Stream, in its sole discretion, will determine what actions will be taken in response to a violation.	
Refunds No refunds shall be given once the server setup process has initiated. I also hereby waive the right to initiate a chargeback against Severn Stream unless Severn Stream has acted negligently.
